<http://www.gazeboshop.co.uk/>

Since establishing the gazeboshop in 2005, we have grown to become one of Europe's largest suppliers of professional quality heavy duty gazebos and instant pop up shelters.

Over this time we have supplied many people and organisations including: clubs, teams, schools and numerous high profile companies.

Our range of gazebos is unrivalled when it comes to quality, reliability and value for money. We work closely with our own manufacturing facility which enables us to control the quality of all materials and components used in the construction of the gazebos. Whilst we appreciate that few people purchase on price alone we challenge any company to offer a like for like product at a better price.
