Our clients are not in competition with any of the trade counter operators mentioned. They are an expanding company compatible with these businesses and wish to be located within 100 metres of existing trade counters. The operation requires only a traditional workshop with a small reception office (we do not require trade counter use), and will open daily from 7.30am to 5.00pm. Our clients currently operate four outlets and are looking to double their sites this year, and further expand in 2016. The intention is to operate from 15 sites within two years.

We are fully retained, therefore require no fee either from an agent or property owner should a successful transaction result from this enquiry.

Please send details of any suitable premises by e-mail to Ian Sloan FRICS at reception@centre-p.co.uk.
